Reference: SEZAD Tender No. (24-2014) "Grading Works at Northern Industrial Zone"

Date of Collection of Tender Documents: 19/10/2014

Submission date: **25/11/2014**

New extended submission date: 16/12/2014

Subject: Response to Bidders Queries:

Dear Bidders,

- Please find below reply to further query:

| S. No. | Query | Response |
|--------|--|--|
| 1 | <p>Under Serial No. 03 of the above, Fill Quantity as per drawings = 707,000 m3, instead of the BOQ quantity which is 25,000 m3</p> <p>Your response says "Contractor to fill at locations as per drawings without any additional cost to the project." This is not clear. Since the Contract is a re-measured contract, payment to the Contractor shall be based on the actual quantity of work executed. Therefore, the above response is contradicting as how can a Contractor to execute 707,000 m3 of filling and receive payment for 25,000 m3 which seems contractually incorrect. Please clarify this.</p> | <p>Refer to Clause 2.5.6 and 2.5.7 of the Specifications (Oman Highway Design Standards, 2010- Volume 3)</p> |

- Additionally, with this Circular 4; is the Excel Sheet BOQ. (Volume III of IV – BOQ (Rev.1).
